VILLA DE MERLO

YOUR NEXT EVENT VENUE

MERLO BUREAU EVENTOS

EMIPROTUR

Municipalidad
Villa de Merlo

Located in the picturesque province of San Luis, Villa de Merlo is the perfect place to host events and conferences.

With its majestic mountains, pleasant climate, and unparalleled natural beauty, our town offers an inspiring atmosphere and the right logistics for any type of gathering. We offer comprehensive solutions for MICE tourism, providing modern infrastructure, a variety of lodging options, and top-quality professional services.

MERLO BUREAU EVENTS IS THE INSTITUTIONAL AND LOGISTICAL BACKBONE THAT ENSURES THE SUCCESS OF YOUR EVENT IN VILLA DE MERLO.

Created by Municipal Ordinance on August 1, 2024, Merlo Bureau Eventos was established with a clear objective: to attract conferences, conventions, and meetings that extend the tourism season and ensure that each event has the necessary institutional support to take place successfully.

It operates as a public-private partnership in which the public and private sectors work in coordination. This structure ensures a professional and competitive local offering, combined with the administrative strength of the Municipality, whose presidency is held by the Mayor and whose commercial management is overseen by the Secretary of Tourism.

The Bureau provides comprehensive technical assistance, facilitates the creation of service packages, and supports each project from the initial contact through to its final implementation. Its role is to ensure that every event in Villa de Merlo is viable, efficient, and attractive to attendees.

The city has already hosted numerous regional and national events, including simultaneous events. Furthermore, Merlo has hosted gatherings with more than 400 participants, maintaining standards of quality, logistics, and coordination on par with the country's leading venues.

IDEAL FOR
NATIONAL AND
INTERNATIONAL EVENTS

There are direct flights from Buenos Aires to Merlo and from Merlo to Buenos Aires. This flight schedule allows you to arrive on Thursday and attend an event, conference, or incentive trip on Friday, Saturday, and Sunday (half a day), returning to Buenos Aires without interrupting the workweek.

To ensure the quality of the experience, strategic partnerships have been established with local tourism and transportation agencies to guarantee transfer services.

This service provides direct transportation from the airport (RLO) to your hotel and back. This way, your event begins right on time and without the stress of coordination.

In addition, a car rental service is available at the airport for the convenience of visitors.

LAND-BASED CONNECTIVITY - LEADING COMPANIES

There is robust overland connectivity to most of the country's key provinces.

The destination offers direct transportation from major urban centers such as Buenos Aires, Córdoba, Santa Fe, Mendoza, San Luis, San Juan, Río Negro, and Neuquén.

The long-distance bus companies operating the route to Merlo offer the most advanced travel technology available, including executive sleeper services, buses equipped with charging stations, Wi-Fi, and air conditioning. This ensures that attendees arrive at their destination well-rested and ready for the event's schedule.

The following is a list of the transportation companies that provide this connectivity:

PLATABUS

The decision to choose Villa de Merlo as the venue for your event is based on its exceptional capacity and tourism offerings. As one of the country's leading destinations, with lodging capacity exceeding half of our population, logistics are no longer a concern. Thanks to the Merlo Bureau of Events (MBE), we have successfully coordinated and fully organized every aspect of the destination, ranging from lodging and transportation infrastructure to specialized technical support.

Below, we present the specific details along with our promise that your event will be executed with the professionalism and peace of mind that such an event demands.

OUR
DESTINATION

MBE
MERLO BUREAU EVENTOS

The smooth operation of every event in our city is supported by a network of top-tier local service providers, unified and overseen under the MBE seal.

Strategic partnerships were formed with every link in the event production chain.

Mutual rights and obligations have been established to ensure quality standards and anticipate costs. Our network of vendors covers all necessary infrastructure: security, catering, lighting, LED screens, sound systems, and professional announcers, as well as logistical support from photographers, event planners, hotels, and travel agencies.

OUR PARTNERS

The fact sheets contain all the information about the capacities, amenities, and specifications of our hotels, event spaces, and service providers.

This catalog is available in digital format, and—with the aim of promoting Villa de Merlo and opening it up to the world—it has been produced in three languages to ensure barrier-free communication.

AVAILABLE IN 3 LANGUAGES

www.villademerlo.tur.ar

PLAN YOUR EVENT IN MERLO

Below is an overview of our specialized infrastructure for the MICE segment, designed to meet corporate standards.

Next, we present a diverse range of experiences and activities for incentive travel.

Finally, we detail the two service models we offer to ensure efficient, flexible management tailored to your organization's specific objectives.

OPTION 1 TURNKEY EVENT

We offer a comprehensive solution in which our team handles every stage of the event's organization, planning, coordination, and execution. This means we take responsibility for every detail: from designing the proposal, sourcing and contracting vendors, logistics, setup, scheduling, and technical and operational support, all the way through to teardown and the event's conclusion.

The goal is for the host company or organization to focus solely on enjoying the experience and sharing it with its guests. On the day of the event, the client arrives with the peace of mind that every aspect has been planned and supervised by a professional team, ensuring a smooth, efficient, and high-quality event.

This approach optimizes time, reduces the client's operational burden, and minimizes unforeseen issues, offering a personalized experience aligned with the objectives of each event and featuring a single point of contact responsible for coordinating all necessary actions to ensure its success.

MODE 2

SHARED MANAGEMENT

The Merlo Bureau de Eventos (MBE) assumes institutional and administrative responsibility for the event, acting as a coordinator and facilitator of the organizational process. The Bureau provides the event venue, offers technical support, and coordinates the general aspects necessary for the event's execution.

The organizing company, for its part, plays an active role in the planning and execution of the event, being responsible for directly managing and contracting the various service providers that make up the service chain, such as lodging, catering, transportation, audiovisual services, setup, decor, and complementary activities, among others.

The Merlo Events Bureau supports this process by facilitating connections with the destination, promoting local offerings, and providing information, advice, and institutional support, while the organizing company retains the autonomy to select, negotiate with, and coordinate each vendor according to the event's needs and characteristics.

CENTRO DE CONVENCIONES

The Convention Center is the strategic hub for high-profile events, featuring a Main Hall that seats 350 people and a Secondary Hall that seats 150, both equipped with independent technical support.

Its versatility and capacity have been successfully demonstrated at events such as the ACA National Congress (over 400 attendees), the Provincial Book Fair, and the successful hosting of two simultaneous conferences. On the same grounds, there is one hotel and two restaurants affiliated with the MBE, which optimizes time by eliminating the need for transportation. All of this is framed by the imposing largest sundial in South America, which serves as a distinctive landmark.

PARQUE RECREATIVO

Recently revitalized, its large grounds allow for a variety of formats and layouts, ranging from fairs and festivals that take advantage of its amphitheater to sporting events. The National Festival of Sweetness was recently held here, bringing together more than 28,000 people and featuring 87 booths by artisans and exhibitors, in addition to an exhibition by international artists.

The infrastructure is also used for high-intensity sporting events such as the Redeer Challenge.

The Recreational Park is an ideal venue for events seeking large attendance, high impact, and a harmonious natural setting.

The park's size allows for large-scale setups, facilitating the coexistence of food courts, exhibit areas, and large stages without overcrowding the space.
